

**APV Vacuum**  
All-Purpose Litter Vacuum

## Key Features

- 30" wide impeller allows for quick litter pickup
- Four 14" tires with multi-spoke hubs and 1/2" ball bearings make the APV easy to maneuver on turf
- Collapsible handle for compact and easy storage
- Heavy-duty collection bag holds up to 10 cubic feet of debris and is supported by a sturdy plastic tray
- Heavy-duty bag zipper makes emptying the bag an easy task
- Variable height adjustment meets every vacuuming need
- Corten steel impeller has four radial tipped blades, a 14" circumference that creates 1,750 cfm and reduces debris 5 to 1
- Unique anti-wrap ring prevents debris from accumulating behind the impeller and around the engine shaft

## General Overview

- Outstanding on both turf and hard surface applications
- Lightweight construction allows for easy maneuverability
- Ergonomically designed handle is constructed of 1" tubular steel and is padded with a soft grip for comfortable operation and easy handling
- Heavy duty collection bag is made of a tough synthetic polyester felt that is breathable and mildew resistant and is washable

## Productivity

- Cleans over 30,000 sq. ft. per hr.
- Quickly and easily removes debris from turf or hard surfaces
- Collection bag holds up to 10 cu.ft. of debris for less emptying

## Safety

- Debris deflector slows the speed of debris and directs it to the side of the bag instead of the back where the operator is standing
- Safety lanyard is standard and when removed, the engine shuts down

## Accessories/Options

- Choice of two engines, a 5.5 HP Honda or a 6.75 Briggs & Stratton Intek OHV

SPECIFICATIONS	
Width	30"
Height	40"
Length	60"
Weight	110 lbs
Cleaning Path	30"
Bag Capacity	10 cubic feet
Wheel Quantity	4
Wheel Diameter	14" x 2 1/2"
Motor Type	Gas
Engine Options	Four Stroke 5.5 hp Honda or Four Stroke 6.75 hp Briggs and Stratton
Air Flow (CFM)	1750 CFM
Construction	Polyethylene & Static Epoxy Coated Steel
Base Material	Rotationally Molded Polyethylene
Housing Material	12 Gauge, Static Epoxy Coated Steel
Decibel Rating	89 db

Specifications are subject to change without notice.
