PHENOM 15 & 18

PHENOM 15 & 18

The Phenom is brushing and vacuuming all in one operation – that means deep, thorough and gentle carpet cleaning. The Phenom brushes thoroughly and quickly removes dirt that clings to the individual carpet fibers and ensures an optimum cleaning result, even on areas subject to heavy wear. The telescopic suction pipe and the flexible suction hose make it possible to vacuum curtains and furniture problem free. Clean sensitive areas with the germ-reducing Fibro filter (standard).

ON-BOARD ACCESSORIES

FIBRO FILTER

The Fibro filter has a special coating made of nano crystals which combats viruses, bacteria, fungi and micro parasites (such as mites) in the used air or in the filter respectively. The filter does not contain volatile substances and does not emit any odors or other emissions.

FEATURES

- No tool required brush change out
- Adjustable brush height for aggressive or light vacuuming
- Telescoping wand and complete on board tool kit
- The brush motor will shut down for safety should a clog occur within the brush roller.

CRI APPROVED

Perfect for almost any dry application.
